STUDENT SUCCESS STORY

> "I learned so much more than I thought I would, and the course helped prepare me to enter the sterile processing field."

Opening the Door to a New Healthcare Career:
Building a Foundation in Sterile Processing

MY JOURNEY AT A GLANCE

BEFORE
I wanted to begin working in a healthcare field connected to my interest in surgery.

THE COURSE
I completed **Sterile Processing Technician** training through **Wallace Community College** in a flexible, self-paced format.

AFTER
I started a new career and now work full-time as a **Sterile Processing Technician** at **Flowers Hospital**.

LISA K.
Sterile Processing Technician | **Wallace Community College**

STERILE PROCESSING TECHNICIAN COURSE RATING
★★★★★ 5/5

MY STORY

MY CHALLENGE: I was ready to make a career change but needed the right training to build my knowledge and prepare for a role in sterile processing.

WHY ED2GO: The self-paced format worked well with my schedule, and having an encouraging instructor helped me continue progressing through the material.

WHAT CHANGED: I learned more than I expected and built knowledge of sterilization processes and instrument identification. Although learning the many different instruments was challenging at first, it became easier with practice.

MY OUTCOME: The course helped prepare me to enter the field, and I now work full time as a **Sterile Processing Technician** at **Flowers Hospital.** The experience has also given me greater confidence as I continue building my healthcare career.

REAL RESULTS

- Started a healthcare career
- Hired as a Sterile Processing Technician
- Increased income
- Improved job performance
- Gained confidence in the field

$47,700
MEDIAN SALARY
U.S. Bureau of Labor Statistics

PARTNER IMPACT

Through flexible online training, you can help students gain job-ready skills, access in-demand career opportunities, and accelerate professional growth, just as **Wallace Community College** helped Lisa do.
