

OMCA® Email Marketing Associate

Our Program

Digital marketers are in high demand in the job market, and the need for trained and experienced marketers is constantly expanding. Better yet, the field of digital marketing offers numerous opportunities for specialization so your workforce is sure to find an arena in which to shine.

In this course, students will master the art of reaching people by email and building an ongoing relationship using marketing automation. By the time students complete this program, they'll be fully prepared to begin a career as an email and marketing automation focused digital marketer.
