

OMCA® Display Advertising Associate

Our Program

Digital marketers are in high demand in the job market, and the need for trained and experienced marketers is constantly expanding. Better yet, the field of digital marketing offers numerous opportunities for specialization so your workforce is sure to find an arena in which to shine.

In this course students will learn to explain, evaluate and dissect display ad data, and best practices in building and maintaining display ad campaigns. By the time you complete this program, students will be fully prepared to begin a career as a Display Ad focused digital marketer.
