

CompTIA™ A+

Our Program

The CompTIA™ A+ program will prepare your local workforce for two CompTIA™ A+ certification exams: CompTIA™ A+ Exam 220-801 and CompTIA™ A+ Exam 220-802. Topics covered in the program include motherboards, memory, processors, video, storage media and devices, printers, operating systems, networking, virtualization, mobile devices, security, and more. Students will practice skills learned, using an online lab.

Gaining CompTIA™ A+ certification assures employers and computer owners that a PC technician has the requisite knowledge to build, upgrade, optimize, troubleshoot, and repair personal computer (PC) systems.

Certifying Exam: CompTIA™ A+ Exam 220-801 and CompTIA™ A+ Exam 220-802

Professional Credential:
CompTIA™ A+ Certified
