

# CompTIA™ Network+ Certification Training

## Our Program

This program is ideal for workforce candidates who are interested in beginning their career in computer networking.

In this program, your local workforce will learn the fundamentals needed to obtain a CompTIA™ Network+ certification and find employment as a network technician. They'll master basic networking concepts and learn about network design, security, routing, and switching.

This program will allow students to practice the skills they learn in virtual interactive lab environments.

**Certifying Exam:** CompTIA™ Network+ Exam N10-006

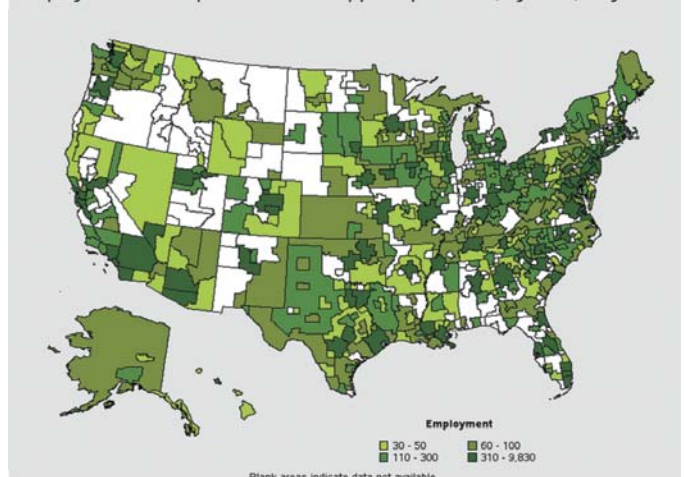

**Professional Credential:** CompTIA™ Network+ Certified
