

Clinical Dental Assistant

Our Program

240 Hrs • \$1,995

This Program will prepare you to become a productive member of a dental team as a dental assistant. You'll learn about every aspect of dental assisting, including invaluable real-world perspectives from experienced dental assistants and essential information about anatomy and physiology, preventive dentistry, patient care and communication, radiology, pharmacology, anesthesia, assisting in specialty practices, employment strategies, and much more. Upon finishing this program, you'll be prepared to successfully complete the radiology and infection control portions of the Dental Assisting National Board exam.

Upon completion of this program, you'll be able to:

- Describe the progression of dental disease and preventive techniques
- Identify the deciduous and permanent teeth and their functions, as well as anatomical landmarks of the head and neck
- Identify the chain of infection, routes of transmission, and techniques used in sterilization and disinfection
- Complete patient charting, take vital signs, and describe steps for emergency management
- Set up trays for dental procedures and understand instrument transfer techniques
- Expose and process quality radiographs
- Identify dental materials and describe their uses
- Describe the role of a dental assistant in each of the nine dental specialties

Military Spouses Receive \$4,000 in Tuition Assistance!

MyCAA is the Military Spouse Career Advancement Accounts program, offered by the

Department of Defense. It allows military spouses to train for in-demand careers at little or no cost. Spouses of an active duty Army, Navy, Air Force or Marine service member in pay grades E1-E5, W1-W2, or O1-O2 are eligible. If your spouse is in the National Guard or is an AGR Member, they must be on federal Title 10 active duty orders.

Apply to MyCAA at:
<https://aiportal.acc.af.mil/mycaa/>

Note: You must finish your program within 18 months of starting
