

STUDENT SUCCESS STORY

FITTING PROFESSIONAL EDUCATION INTO A BUSY SCHEDULE

IMPROVED PROFICIENCY FOR GREATER PRESENTATIONS

DAVID B. HERMELIN
ORT
RESOURCE CENTER
A division of JVS

LAURIE THOMSON is a full-time employee at **JVS Human Services** working as a staff trainer and positive behavioral support specialist.

The Microsoft courses offered by **Hermelin ORT** fit Laurie's visual learning style and allowed her to go at her own pace. The multiple formats, video, and text used enabled her success in mastering the content presented. In addition, the helpful reference material and the keyboard short-cut sheets, and other links allowed her to expand her knowledge. Now, her **presentations are more effective and engaging, leading to better-trained staff.**

"I enjoyed the experience of using the ed2go self-paced tutorials because of the flexibility it afforded me so I could do the assignments when they best fit my busy schedule. It was also helpful for me to be able to pre-read the material for each chapter so I could have a better understanding of it as I proceeded through the lessons."

CHALLENGE

Laurie wanted to become more efficient and dynamic with presentations at work

SOLUTION

Online self-paced ed2go courses

- MS Word 2016
- MS PowerPoint 2016

RESULTS

Increased efficiency, productivity, and confidence at work
