

STUDENT SUCCESS STORY

COURSES THAT STRENGTHEN STUDENT EMPLOYABILITY

INCREASED KNOWLEDGE FOR IMPROVED CAREER SKILLS

STEPHANIE P. is a Master of Public Health student who wanted to take some extra courses that would expand her education and career training skills.

With employable skill enhancement on her mind, Stephanie found ed2go online courses offered through Ysleta Del Sur Pueblo Native Pathways. Their outstanding support, along with the flexibility each course she enrolled in offered, provided her with new information and expanded her interest in the field of public health, including a new area, epidemiology. In addition, these courses boosted her confidence and provided her with further, helpful information she can apply to get a great job after graduation.

“Education is the key to success”
