

## STUDENT SUCCESS STORY

# ED2GO COURSES OFFER STUDENTS A UNIQUE BALANCE BETWEEN WORK, SCHOOL AND FAMILY

## CONFIDENCE TO TAKE ON A NEW CAREER

**ANDREW M.** works the third shift as a full-time machine operator, and due to the COVID-19 pandemic, wanted to have more career options to ensure he could support his family. He needed to find an option that was flexible, and could fit into his busy schedule.

In an attempt to find learning options that were compatible with his current obligations and responsibilities, Andrew discovered the Medical Billing and Coding online course offered through **York County Community College**. The course built Andrew's confidence in learning online and operating the necessary technology for the course and future job, receiving support from instructors along the way.

“*The Medical Billing and Coding course provides a simple, yet effective software web design with ease for use for anyone's technical skill level.*”

In addition, the activities and prebuilt study tools reinforced content so he could focus on studying and not creating his own learning tools.

### CHALLENGE

Andrew struggled to find the time and energy needed to dedicate for studying while working full-time and parenting two kids.

### SOLUTION

Online, self-paced ed2go course  
• **Medical Billing and Coding**

### RESULTS

Pursuing a second, part-time career in medical coding.

**13.5% GROWTH**  
IN MEDICAL CODING  
OVER NEXT 10 YEARS
