

STUDENT SUCCESS STORY

NEW SKILLS FOR NEW OPPORTUNITIES

CONFIDENCE IN PROFESSIONAL ABILITIES

DANIELLE K. worked full-time as a bank teller when she recognized the potential for personal and professional growth by venturing into the healthcare field. Her quest to improve her skills led her to discover the **Medical Terminology** course offered through the **University of Wisconsin-Parkside**.

Upon completing the course, Danielle's confidence soared. She expressed a newfound assurance in her ability to secure a job in the healthcare field, thanks to the comprehensive knowledge gained through the Medical Terminology program. This confidence has empowered her to pursue her dream career while actively working towards her goal.

"It was very easy to use, and a great experience I would recommend for anyone and the certificate you get is nationally accredited."

Danielle found the online learning experience to be not only beneficial but also remarkably user-friendly. The course's ease of use allowed her to seamlessly integrate her studies into her busy schedule, demonstrating the adaptability of the program. Her positive experience led her to recommend the course to anyone seeking to enhance their skills in the healthcare sector.

CHALLENGE

Danielle struggled with finding the time to study while working in a full-time job.

SOLUTION

Online, self-paced ed2go course
• **Medical Terminology**

RESULTS

Danielle feels confident in her skills to make a move from banking to healthcare.

1.8 MILLION

JOB OPENINGS IN
HEALTHCARE OCCUPATIONS

The overall employment in healthcare occupations is projected to grow much faster than the average for all occupations by 2032, with 1.8 million job openings projected each year, on average.
