

STUDENT SUCCESS STORY

LEAN SIX SIGMA: A CATALYST FOR CAREER GROWTH

ACHIEVING ACADEMIC AND PROFESSIONAL GOALS

EMMA S. is a driven professional currently working as a program coordinator at the University of Colorado Anschutz Medical Campus. She enrolled in the **Lean Six Sigma Green and Black Belt** course through **Johnson County Community College**.

Hailing from a background in administrative support, Emma's exposure to the inefficiencies inherent in complex systems ignited a desire for optimization. She recognized the potential of Lean Six Sigma to streamline processes and drive improvement. Supported by the Chick-fil-A scholarship, she seized the opportunity to enroll in this course. The program offered a comprehensive curriculum, equipping Emma with the administrative expertise to tackle challenges head-on and deliver exceptional results.

What truly sets this course apart is its emphasis on practical application. Emma's journey was marked by a challenging yet immensely rewarding project that highlighted the importance of hands-on experience. Through diligent time management and a strategic approach, she successfully navigated the course while balancing a demanding full-time job. The support provided by **ed2go** instructors was instrumental in her success, offering timely guidance and encouragement.

As Emma dived deeper into the world of Lean Six Sigma, a profound shift occurred. The course ignited a passion for healthcare and inspired her to pursue medical school, ultimately aiming for a leadership role as a Director of Medicine. Her newfound expertise has not only elevated her current position but has also opened doors to exciting new possibilities.

“*Lean Six Sigma changed my career trajectories and skillset. If you're on the edge on whether to become certified in Lean Six Sigma... wait no longer and get started!*”
